WORK EXPERIENCE

ArtCenter College of Design Jan. 2023 – Apr. 2023
Teaching Assistant: Lighting Fundamental Pasadena, CA

- Assisted instructors in teaching lighting theory and design to a class of 40 students, while providing additional research and class materials.
- Provided project critique and assistance to students and offered further support outside of class time as needed.

ArtCenter College of Design May. 2022 – Dec. 2022
Lighting Artist: CG Short "Midnight Shift" Pasadena, CA

- Collaborated with a team of artists to produce a 3 and a half-minute CG short using real time lighting.
- Main responsibilities included designing and setting up lighting for appointed scenes, assistance in texture creation, and problem-solving in Maya and Unreal Engine.

ArtCenter College of Design May. 2022 – Dec. 2022
Lead Lighting Artist, Co-Director: CG Short "Purranormal Catvity" Pasadena, CA

- Collaborated with a smaller team to produce a 3 and a half-minute CG+2D hybrid short using real-time lighting.
- Responsibilities included lighting lead, texturing, environment modeling, prop designs, and character design.

ArtCenter College of Design Jan. 2021
Orientation Leader Pasadena, CA

- Assisted ArtCenter Student Experience department in introducing animation majors to new students, providing guidance and valuable information for their classes.
